Plan to use your Visa Credit or Debit card while travelling?

Out of the area & foreign country transactions are blocked by our card fraud protection processor unless you request your card be opened for those transactions.

It is also important to ensure your contact information is accurate in our system. The fraud department will call to confirm large or out of the ordinary transactions within and without your geographic area.

The Credit Union can also enroll you to get text messages or e-alerts about suspicious debit card transactions. Call us to enroll!
